Upcoming I-DEAS User Group Meeting

Announcing another Fermilab I-DEAS Users Group Meeting! Currently, only I-DEAS user group meetings are planned. If you would like to start another user group, let me know.

I-DEAS User Group Meeting

Location & Time TBD

Agenda:

1. I-DEAS 12 at Fermilab
2. Q & A

ANSYS 10 x64 Version Now Available

A 64-bit Windows XP x64 version of ANSYS 10 is available at I:\soft_dist\ANSYS.

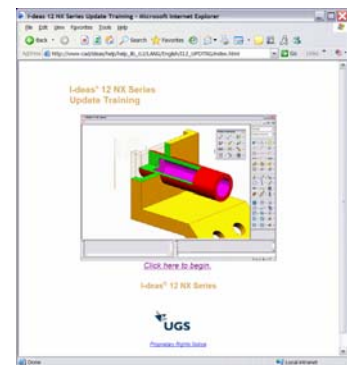

I-DEAS 12 Rollout

I-DEAS 12 has been tentatively planned for roll out sometime in mid to late May or early June. An I-DEAS 12 test environment has been set up and 19 PCs have had I-DEAS 12 installed and configured for testing. Once testing is completed, an exact upgrade date will be determined.

I-DEAS 12 Update Training

I-DEAS 12 Update Training is currently available at <http://www-cad/i-deas>. The direct link is http://www-cad/ideas/help/help_lib_i12/LANG/English/I12_UPDTRG/index.html. It will also be available via a Start Menu Shortcut after I-DEAS 12 is deployed to your PC.

I-DEAS 12 Help Library

The I-DEAS 12 Help Library can be found at <http://www-cad/ideas/>. The direct link is: http://www-cad/ideas/help/help_lib_i12/LANG/English/bookshelf/bookshelf.htm. It will also be available via a Start Menu Shortcut after I-DEAS 12 is deployed to your PC.
